VULCANISERS

For trucks, farm vehicles and earthmovers

Schrader

■ VULCANIZERS « VSM 200 » ■

The advantages of these vulcanizers are their use adaptability, small size and capacity to repair all tyre sizes up to 59/80 R63.

Earthmover version

VULCANISER « VSM 200 »

Mono-zone, 2 thermoregulators
Curing at 110°C

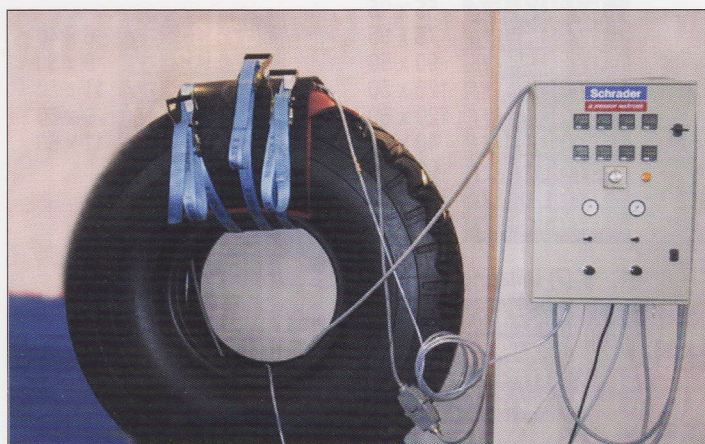

for truck, agricultural and earthmover tyres

The regulating cabinet P/N67370-67 or 67372-67.

The pedestal P/N 67373-67

and the accessories have to be ordered separately because its composition depends on the mini and maxi sizes of tyres to be vulcanized.

Please contact us for a complete offer adapted to your needs.

VULCANIZER « VSM 200 »

Multi-zone, 8 thermoregulators
Curing at 140°C
for earthmover tyres

To be used with the Michelin products range:
Ranir, Ranox, Rivax and Robef.

Its composition depends on the mini and maxi sizes of the tyres to be vulcanized:

The regulating cabinet P/N 65172-67
and the accessories have to be ordered separately

Significant point of this vulcanizer:
The heating temperature is regular over the entire heating pad surface during the entire vulcanizing period.
